**What are the Shamanic students saying?**

“Shamanism to me is a gift ... the gift of Freedom, the gift of Love, the gift of finding Oneself... and more... while experiencing the true magic in life.” Lorraine

For me Shamanism is a spiritual journey of transformation. Being a Shaman has enabled me to connect with my soul, the spirit world and my guides. Shamanism has transformed my life. Being a Shaman has allowed me to honour and respect myself and others.” Lynn

“Being a Shaman allows me to connect with my inner guide, with nature and with spirit to shed the past, be in the present and be the bridge for others. It’s allowing what is.” Rosanne
